Re: Request for Gas Availability for the Farmersville Market Center II in Farmersville, Texas

Dear Mr. Fisher:

This letter is to confirm that Atmos Energy Company has existing gas distribution facilities in the vicinity of the above referenced project in Farmersville, Texas. A determination on how the project will be served will be made once Atmos receives a site plan with metes and bounds in CAD Format and PDF Format and accurate gas load information. An extension of Atmos Energy's gas main may be required and this could require an easement.

Atmos Energy is willing to extend its facilities to provide gas service to the project in accordance with the company's line extension policy.

I have included an Atmos Energy Customer Requirements Document to be filled out and returned to me with the site plan.

Thanks for choosing Atmos Energy and if you have questions, please do not hesitate to contact me at 972-485-6270.

Sincerely,

A handwritten signature in black ink, appearing to read "Chip Merritt".

Chip Merritt
